

# RENTING AN ELECTRIC BIXI

Citizens are invited to experience the next generation of electrically-assisted bicycles now! With this blue BIXI, all users, regardless of their travelling distance, the time they have available, their age or their physical condition, can take advantage of the benefits of BIXI, a service that makes people want to use this active form of transportation even more often!

- The rental is done using the BIXI key or the BIXI application.
- Additional fees of only \$1 per trip are applicable for both subscribers and occasional users.
- Wearing a helmet is mandatory to use an electric BIXI.
- The electric BIXI is rented according to the same terms as the regular BIXI, particularly with respect to the rental period and the security deposit.

## THE BIXI FLEET

611 stations

7,270 regular BIXI bikes

1,000 electrically-assisted BIXI bikes

142 KM<sup>2</sup> served across 17 Montreal boroughs and 5 cities (Westmount, Montreal East, Mont-Royal, Longueuil and Laval)

Coming this fall:

69 electrical stations

1,800 additional docking points

## BIXI MONTRÉAL: SIX YEARS OF SUSTAINED GROWTH

BIXI Montréal strives for constant innovation, such as electric stations and electrically-assisted bicycles, in order to stand out and meet the different needs of its many users. As proof of the success of this approach, in 2019 the NPO recorded increases in

its sales (over 300%), number of unique users (146%) and ridership (81%) in comparison with its year of creation (2014).
